The bill authorizing the erection of new public buildings for the accommadation of the public records and the public offices was taken up. It had been made the special order of the day at 4 o'clock. The bill was read.

Mr. Stokely moved that it be referred to a special joint committee of five members from each Cham-

Mr. Bumm said that he had drawn the bill by instruction of the joint committee already appointed. It had met their hearty approval, and was signed by all of them. The necessity for new public buildings was conceded by every one. To re-capitulate the arguments in their favor would be superfluous. He assented, however, to the motion. The locality of the new public buildings he would leave to the people. His only object was to provide ome piace in which the city archives could be

The Committee were discharged.
Select Council bills to increase the special committee on the purchase of the Gas Works; to purchase a lot of ground on north side of Carpenter west of Sixth street; to purchase configuous lots in the Third ward; to appoint two attorneys to take charge of the suit against the city in the Supreme Court about Girard lands, and to appropriate \$15.0 to the Girard Estates, were concurred in.

The resolution of respect to the memory of Prof. Bache was postponed.
The resolution directing the Chief Engineer of the Water Department to appoint a commission to survey the Schuylkill and analyze the water was

dereated.
Messrs. Ray and Bardsley were added to the committee on purchase of the Gas Works.
The securities of George Keyser, Register of Water, were approved. Adjourned.

BURGLARIES AND SAFE BREAKINGS. - Last Wednesday night the store of Messrs. Thompson, Clark & Young, tea dealers, Nos. 130 and 132 South Front street, and also No. 134, occupied by Messrs. Fuller & Sutterly, were en-An attempt was made to bore a piece ered. out of a rear basement door at No. 132, but a lining of sheet-iren prevented the rogues from passing through. A jimmy was then applied, and the fastening gave way. The rogues ascended to the first floor and commenced operations upon the fire-proof, built in the wall. This they opened with very little trouble. The bolt of the lock shoots into an iron jamb, which is against the brick work. All the fellows did was to cut away the brick opposite the lock, and then drive the bolt back by means of a hammer and punch. The fireproof in No. 130, there being communication between the stores, was opened in precisely the same manner, and both safes ransacked. Little of value was obtained in either. The application of a jimmy to the rear door of No. 134 started the fastenings, and the bolts above and below yielded. there is a fire-proof in the wall similar to those in the other stores, and Messrs. Miller & Sutterley keep a small fire-proof, and thus thought the proof-safe inside of it. An opening into the fire-proof was effected as at Nos. 130 and 132, and then the rogues set to work to open the small safe. This they accomplished by forcing off the door-style, in doing which they bent the iron, three-eighths of an inch thick, until it formed a right angle. Very considerable power must have been required to effect this. They then broke away enough of the door to enable them to reach the bolts of the combination lock, and as soon as they uncovered them they were forced back. Everything in both safes were then examined; books and papers were thrown out upon the floor, and a rigid search made for money. All the thieves got was about eighty dollars. They secured, in addition, and carried off, two one hundred dollar coupon bends of Cumberland county, N. J., numbered 343 and 344. They evidently left both stores in the way they entered, by the rear. Messrs. Thompson & Co.'s store was broken into, and the fire-proof blown open, about three years

American Union Commission .- The citizens f Pennsylvania and New Jersey can have no better channel through which their charities can reach the poor in the State of Georgia than the American Union Commission. It was organized in Philadelphia in October, 1865, since which time it has faithfully appropriated the moneys and clothing intrusted to its care in the work of education and relief of bodily necessities. The ladies the Commission has sent o that State as teachers regularly visit the amilies, and are conversant with the suffering that exists among them; and are, therefore, the best possible agents through which the gifts of the benevolent can find the most needy and deserving objects of relief. If our citizens wish to co-operate with other portions of the country in the work of saving lives at the they have the organization in their midst adapted to the purpose, and proffering

Joseph Parker, Secretary; William Struthers, Freasurer; Chairman Executive Committee, D. C. McCammon; Collecting Agent, Rev. James Boggs.

ADMITTED TO THE HOSPITAL .- James Gallagher, aged thirty-five years, was admitted to the Pennsylvania Hospital yesterday afternoon, having his head badly cut. James was under the influence of liquor, and fell at the corner of Ninth and Walnut streets, his head oming in contact with the curb-stone.

James Casley, twenty-three years of age; while on his way to the city, via Pennsylvania Railroad, stepped off the train near Laneaster, and fell through a bridge, a distance of about forty feet, badly injuring himself. He was brought to the city and taken to the hospital. He resided in Cherry street, between Third and Fourth streets.

Reckless Driving .- Last evening, whilst Terrence Matthews was pushing a small handcart in Sixth street, below Chesnut, he was knocked down and severely injured about the head by a man who was driving a horse attached to a small wagon at a furious rate down Sixth street. The injured man was conveyed to the Dispensary; where his wounds were dressed. The driver of the vehicle pursued his way at a rapid speed, and when at Sixth and Barclay streets the wagon broke down. The driver made good his escape, while the horse and wagon were taken in

charge by the police. NUMBER OF WATER RENTS ISSUED .- During the last year 4240 permits for water were issued, of which number 1203 were for dwellings; 526 for baths; 526 for washpaves; 272 for water closets; 344 for basins and sinks; 87 for steam engines; 174 for distilleries; 9 for breweries; 87 for stables; 2 for churches; 26 for fountains; 53 for hotels and bars; and 8 for skating parks.

COMMON COUNCIL OF PHILADELPHIA. CLERK'S OFFICE,
PHILADELPHIA, February 22, 1867.
In pursuance of the annexed Resolution, the ollowing bill, entitled

Creating a Loan to pay certain deficiencies, for the Purchase of the Lansdowne Estate, and for other purposes," is hereby published in accordance with the act of Assembly, for public information. JOHN ECKSTEIN, Cierk of Common Council.

AN ORDINANCE CREATING A LOAN TO PAY CER-TAIN DEFICIENCIES, FOR THE PURCHASE OF THE LANSDOWNE ESTATE, AND FOR OTHER PURPOSES.
Section 1. The Select and Common Councils of the City of Philadeiphia do ordain, That the Mayor of Philadeiphia be and he is hereby authorized to borrow, at not less than par, on the credit of the city, from time to time, one million eight hundred thousand dollars, to be applied as tollows, viz. applied as follows, viz.:—
First, To pay deficiencies, one million five hundred thousand dollars.
Second, For the purchase of the Lansdowne Estate, and improvement of the same, one

hundred thousand dollars. hundred thousand dollars.
Third, For a House of Correction, one hundred thousand dollars.
Fourth, To pay the increase in the School Teachers' and House Cleaners' salaries, one hundred thousand dollars—for which interest, not to exceed the rate of six per cent per continuous shall be raid that yearly per cent, per annum, shall be paid half yearly

the first days of January and July, at the office of the City Treasurer.

The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before, without the consent of the holders thereof; and the certificate therefor, in the usual form of the certificates of City Loan, shall be issned in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or, if required, in amounts of five hundred er one thousand dollars; and it shall be expressed in said certificates that the loantherein mentioned, and the interest thereof, are payable free from all taxes. Section 2. Whenever any loan shall be made

by virtue thereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates, and from the sum raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates so issued shall be appropriated quarterly out of said in-come and taxes to a sinking fund; which fund and its accumulations are hereby especially for the redemption and payment of said certificates, RESOLUTION TO PUBLISH A LOAN BILL.

Resolved, That the clerk be authorized to publish, in two daily newspapers of this city, daily, for four weeks, the Ordinance presented to the Common Council on Thursday, February 21, 1867, entitled "An Ordinance Creating a Loan to pay certain

deficiencies, for the purchase of the Lansdowne Estate, and for other purposes," And the said Clerk, at the stated meeting of Councils after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

TO CONTRACTORS AND MINERS,—THE Commissioners on the Troy and Greenfield Railroad and Hoosac Tunnel, acting for the State of Massachusetts, invite Proposals, until the 19th day of March next, for Excavating said Tunnel at three different sections of that work.

This Tunnel, when completed will be about 4% miles in length, extending from the town of Florida, through the Hoosac Mountain, to the town of North Adams. Adams.

The Eastern End has been penetrated from the grade of the Railroad 3500 feet, 2400 feet of which consist of an opening of about 10 cubic yards to each lineal foot, the same to be enlarged to a section containing about 17 cubic yards to each foot; the remaining 1100 feet being heading—now measuring upon an average 4 cubic yards per running foot—to be enlarged to the full section; making some 35,000 cubic yards to be removed.

to the full section; making some 35,000 cubic yards to be removed.

A further section of the work will also be let to the successful bidder for the above-named enlargement, if satisfactory terms shall be offered.

The Western End is worked from a shaft 318 feet deep. The easterly heading from this shaft—of about six cubic yards to each lineal foot—extends 1100 feet and is to be enlarged to a section containing 17 yards per foot, requiring the removal of 12,000 cubic yards. Bids for that amount, and for an extension in either direction of the heading and enlargement at this point, will be received.

The Central End of an elliptical form, 27 to 15 feet, now 400 feet in depth, is to be sunk to grade, 1030 feet from the surface, requiring the removal of about 2000 cubic yards.

All the work to be done is in Talcose Slate, and will require neither masonry nor supports of any kind. will require neither masonry nor supports of any kind.

Buildings, machinery, and means of ventilation, all of the most substantial character, have been provided and will be furnished to contractors.

Ample sureties will be required from parties who may be contracted with, and the Commissioners reserve the right to reject all offers that may be made. Plans and specifications may be seen on application to ALVAH CROCKER, at the Engineer's Office, North Adams, Massachusetts: and other information may be obtained from JAMES M. SHUPE, Room No 10, No. 13 Exchange street, Boston, to whom proposals may be directed.
